Riga City Council or Riga Municipality is an institution that takes care of residents and guests of the Riga - capital of Latvia.

Decisions on what happens in the city, are made by 60 elected deputies who work in committees, commissions and council meetings. In turn, the decisions made by them are implemented by departments, agencies, municipal companies and executive directorates.

Riga City Council provides:

Public transport

Street repairs

Social care

Schools and kindergartens

Utilities

Security and order

Parks and recreation areas

Cultural institutions

Environmental protection
